

Sales Representative for Water & Wastewater Treatment Solutions
North / South Carolina, Virginia & North Georgia

Assmann Tanks	Polyethylene storage tanks – XLHDPE & PE – NSF Approved
Burt Process Equipment	Chemical Metering Systems – Metering pump skids, Polymer feed systems
Cabot Norit Americas	Activated carbon for air pollution control – GAC & PAC water purification systems
Chemours - ADOX	ADOX Chlorine-Dioxide generation systems
Claro Environmental	Anaerobic digestion systems – Big Bubble Gun mixers, gas handling
Daniel Company	Odor control treatment-Biological, chemical, carbon systems — FRP ductwork
Envirodyne Systems Inc	Water & Wastewater treatment Systems – Screening & grit removal, clarifiers, oxidation ditches, belt filter press, inclined plate settlers, digester systems <i>(NC only)</i>
Engineering America	Distributor for Permastore -- Bolted Glass, Epoxy and Stainless steel storage tanks
Gabriel Novac & Associates	Storm flow-CSO regulators fine screens, flushing systems, tipping buckets
Glasco UV	Ultraviolet disinfection systems for Potable and Waste Water Applications
Keller America	Level & Pressure Transducers – Hydrostatic, Submersible, Pressure & DP
Ken Nash Company	Service – Instrumentation, chemical feed systems, VFDs & Telemetry systems
Layne Water	MBR - PTFE membrane treatment systems, Ion exchange & water treatment systems
Mitsubishi Electric Power	Ozone generation / destruction systems – Compact to large applications
PCM Pumps	Progressive cavity pumps
Permastore Tanks	Glass-Fused-to-Steel, Epoxy-Steel Tanks & Domes – Engineered containment solutions
PEWE - LLC	Liquid / Solids separation equipment – Complete Wastewater treatment systems
PRELOAD Tanks	Pre-stressed wire-wound concrete tanks – Turn-key installation & construction
Revere Control Systems	Process control automation systems–SCADA, PLC, DCS, Telemetry, Instruments
Ross Valve Company	Automatic water control valves – Pressure, surge relief, pump control, altitude
RPS Engineering	Aluminum and FRP cover systems – Geodesic domes, launder covers
SPS Engineering	Clarifiers, Thickeners, Flocculators, Grit Classifiers, Process equipment
Tech 3 Solutions	Gas fired engine power generation systems – Biogas applications
Tigg Corporation	GAC Filtration systems– Specialty water filtration systems, Hydropneumatic tanks
Troy Valve Company	Mud, telescoping, flap, sluice gate valves, extension stems, bonnets, floor stands
UET Mixers	Process Mixers – vertical turbine mixers - ½ to 1,000 HP, In-line heliflo static mixers
WedoTanks.com	Pre-cast concrete tanks, WWTPs – turn-key construction of tank systems – SassProV2 Activated sludge process simulator software
